

ONLINE ORDERING THAT WORKS WITH YOUR RESTAURANT'S POINT OF SALE

Online orders flow right into your OrderCounter restaurant POS system, so no more tablets all over the counter, loose faxes, or emails to transcribe. Direct traffic directly to your own site instead of competitors and give your customers an additional outlet to order their next takeout or delivery.

- » **POS-Integrated Online Ordering**
- » **Additional Outlet**
- » **Consistent Experience**
- » **Emailed Automated Full System**
- » **Streamlined Template Design and Website-Only Option** – Seamlessly integrate Online Ordering into your existing site using your own brand colors. Don't have a website? Our streamlined template designs will get your business up and running in no time so you can start fulfilling orders.
- » **Reports** – Get reports you need in your email inbox
- » **Restaurant Loyalty Account** – Reward returning customers

- » **Update Your Menu Only Once** – Need to make a change? Edit your restaurant menu once and see it updated across all of your menus
- » **Capture Insights** – Market directly to your customers, regardless of whether they ever step foot in your restaurant
